Subject: Get off Microsoft's Back

Dear DOJ,

I encourage you to accept the agreement between Microsoft and DOJ. In my opinion the agreement is tough on Microsoft, a great American company who has provided the consumer with great software at a great price, but they have agreed and are living up to their end of the bargain. Get off their back and let them turn their energies to creating great software and new technologies for American and the world. You should turn your energies and guns on the crooks a Enron.
